**Invitation to the International Forum  
"Women Lead the Success in the Economy"**

Dear Friends,

On behalf of the **National Chamber Network of Women Entrepreneurs** (EEDEGE), and as the President of the **Eurochambres Women Network**, I am pleased to invite you to the **International Forum "Women Lead the Success in the Economy"**, an international round table meeting, to be held in **Athens, Greece**, between **December 5th - 7th, 2013**, at the Conference Centre of the **Athens Chamber of Commerce and Industry** - Room "Hermes".

The Forum is addressed to the decision makers of Global Women Organizations, high caliber leaders from all over the world, Women NGOs, Heads of SMEs, Development Organizations, Women Governmental Leaders, representatives of states on six continents.

Its **aim** is to bring potential business partners and investors to Greece who are interested in investing and taking advantage of the present opportunities that the country offers as well as showcase talented Greek women in business in order to promote another image of Greece to the world. In order for us to achieve these goals we have organized round tables, B2B meetings as well as plenary sessions.

Given the financial crisis facing the European Region, especially the South, most of all Greece, and the continuing recession globally, the subject of the **International Forum "Women Lead the Success in the Economy"** is to highlight Women and their active and strong role in the present situation. We would like this theme to reflect our Network's response to our country's current financial crisis.

We are pleased to invite you personally to this crucial meeting, bringing along your experience, the best practices you might have used in your country and your plans for future activities that might help us all overcome the present situation.

For further information as well as your registration you may visit the Forum website at: [www.eedege-congress.eu](http://www.eedege-congress.eu).

Looking forward to welcoming you to Greece,
